2 years warranty

DESCRIPTION

Yujilights™ high CRI LED A19/A60 bulbs come in a very small A19/A60 form factor and standard E27 screw-in base. It utilizes YUJILEDS® high quality high CRI light source, which provides 95+ CRI and high reliability with time. 240 degree beam angle and glass bulb cover enable it to provide a wider and more uniform light distribution and higher brightness. It is excellent for task, office, home, and photo studio lighting.
